Country	Netherlands	Language	English
Document ID	DOC-003	Review by	2027-05-14

Purpose

This policy describes the indexation cap for payrolls run by SD Worx Netherlands under the 2026 collective agreements for Dutch clients. It is maintained by Payroll NL.

Scope

Dutch employers only. Belgian payrolls follow the Payroll BE policy with the same title.

Rule

The indexation cap applies from 1 January 2026. Collective wage increases apply in full to the part of gross monthly pay up to EUR 4,500; the part above EUR 4,500 follows the individual contract.

Worked example

Gross monthly pay EUR 5,000 and a collective increase of 3.00%. Increase on the capped part: EUR 4,500 x 3.00% = EUR 135.00. New gross monthly pay: EUR 5,135.00.
